MATCHBRIDGE IS ON FACEBOOK

MatchBridge is now on Facebook! Become a fan of our page, and check it regularly to learn about job opportunities and job fairs!

Just search "MatchBridge," we should be the first page to pop up!

EMPLOYER OF THE MONTH | UPS

Toward the end of October, MatchBridge held two exciting events with UPS.

On Tuesday, October 19th, four generous employees of UPS volunteered to participate in a job-readiness event with MatchBridge youth. At the event they held a career panel in which they first discussed their own personal career paths and then led a discussion on important interviewing tips to use when applying for jobs.

The volunteers discussed such topics as: what to wear to an interview, how to answer common interview questions, and important dos and don'ts.

The following day, UPS came back to

MatchBridge to hold a recruitment event for seasonal positions. It became clear that the volunteer event the day before really paid off because all the MatchBridge participants came dressed professionally, with high energy levels, and asked great questions.

Overall, seven MatchBridge youth have been hired for seasonal positions with UPS. We hope that they will have a rewarding experience and that they will continue to develop some excellent job skills.

MatchBridge is grateful to UPS for coming in for the volunteer event and job fair. We know that MatchBridge members learned many useful tips that they will

continue to use throughout their careers. We are thankful that UPS is a great leader in the community and that they are a true advocate for youth workforce development. Thank you, UPS! 🇺🇸

JOB FAIR SERIES UPDATES

MatchBridge is wrapping up its seasonal hiring series! It has been a busy couple of months and we are very proud of how many youth have attended the recruitment events.

While we do not yet have a tally on how many youth have been hired, we can say that over 50 youth participated in one or more job fairs!

We hope that the series has been a valuable experience. At the prep sessions

before each event we hope that youth are learning some great job-readiness skills. Additionally, with each interview, we hope that youth are gaining confidence and learning how to articulate their strengths and abilities.

Good luck to all the youth who have been hired, or who are waiting to hear back from employers! Seasonal employment is a great way to gain some excellent job-skills and make connections that will last a lifetime! 🇺🇸
