GALILEO LEARNING | MATCHBRIDGE EMPLOYER SPOTLIGHT

On Thursday, February 16th, Galileo Learning gave a presentation to MatchBridge members about an exciting opportunity to work at their award winning summer camp.

Galileo Learning is a unique and fun filled camp that provides educationally meaningful programs for children and youth from kindergarten through 8th grade, at locations throughout the Bay Area.

The staff are highly trained and work hard to encourage campers to

continually develop ideas and learn new skills.

Working at a summer camp can be an invaluable experience for youth. They will learn a wide array of job skills that can be transferable to any career. Camp staff must be true leaders who are flexible, responsible, and enthusiastic. It is a particularly great opportunity for any youth interested in working with kids in the future.

MatchBridge members who attended the event are currently applying for

summer intern and team leader positions at the camp. Good luck to everyone currently involved in the application process!

MatchBridge would like give a big thank you to Galileo Learning for giving such an enthusiastic presentation to MatchBridge members. We appreciate their support of the MatchBridge program and we know that participants are excited about the camp and are eager to apply!
